- Affordable Choice is a Hospital Indemnity Plan. This is a fixed-indemnity plan that provides benefits per covered person for hospital confinement and other specified medical and surgical events.
- Affordable Care Act is comprehensive healthcare reform law, otherwise known as Obamacare. The law provides consumers with subsidies (“premium tax credits”) that lower costs for households with incomes between 100% and 400% of the federal poverty level.
- Cancer, Heart Attack & Stroke policies offer lump sum benefit paid directly to you (or someone you designate), regardless of any other health insurance coverage you have, upon first diagnosis of cancer and heart attack or stroke.
- Dental, Vision, Hearing insurance provides coverage in all three areas. This helps reduce the costs of your routine exams, x-rays and procedures for all three services.
